

## NMG INTERNSHIP PROGRAMME 2011

The programme is aimed at providing graduates with the necessary skills, knowledge and experience to bridge the gap between tertiary and the world of work.

Graduates will be given an opportunity to obtain practical work experience in the following areas:

- Pensions Consulting and Administration
- Risk Management
- Finance
- Actuarial (Cape Town)

This 12 month programme will provide graduates with an opportunity to rotate around various divisions and departments where they will be exposed to:

- On the job practical training
- Involvement in Strategic Business Projects
- Experience in day to day running of the business

### **Who should apply?**

In order to be considered for the Internship Programme, applicants should meet the following requirements:

- Should be a South African citizen
- Should have completed a BCOM degree or relevant Actuarial degree
- Should be unemployed and have less than one year work experience

Preference will be given to people from previously disadvantaged groups.

### **How to apply**

A detailed CV should be forwarded to [recruitment@nmg.co.za](mailto:recruitment@nmg.co.za).
